**OEA 322** 2-well electric  
**OEA 323** 3-well electric

OEA 322 2-well electric auto lift open fryer

Henny Penny open fryers offer high-volume, integral multi-well frying with programmable operation, oil management functions and fast, easy filtration.

Henny Penny auto lift open fryers automatically raise the load out of the fry vat when cooking is complete. The auto-lift feature promotes perfect results without constant monitoring and can significantly increase productivity in lightly staffed operations.

The OEA 320 series electric auto lift open fryers recover temperature very quickly, and have earned the ENERGY STAR® mark for energy efficiency. Fast recovery translates into higher throughput, lower energy costs and longer frying oil life.

Heavy duty stainless steel vats come with a 7-year warranty—the best in the business.

Henny Penny open fryers have a built-in filtration system that filters and returns hot frying oil in minutes. No separate pumps and pans, no handling hot oil. Frequent filtering extends frying oil life, improves product quality and reduces oil costs.

The Computron™ 8000 control features automatic, programmable operation, as well as energy-saving, filtration and cook management functions.

### Standard Features

- Heavy-duty stainless steel vats with 7-year warranty
- Rugged direct drive lift mechanism powered by quiet, low-voltage motor
- Motor and drive built into existing cabinet—footprint NOT increased
- Two lifters per well programmed to operate half baskets independently or together at the touch of a button
- High-efficiency heating elements generate fast recovery and energy savings
- Cold zone below heating elements helps extend oil life
- High-limit temperature protection
- Built-in filtration system
- Easy basket set and release
- Stainless steel construction for easy-cleaning and long life
- 4 heavy-duty casters, 2 locking
- Computron™ 8000 control
  - 10 programmable cook cycles
  - Melt mode
  - Idle mode
  - Clean-out mode
  - Water detection alert
  - Load compensation
  - Proportional control
  - Optional filter prompt and customizable filter tracking
  - 16-character digital display with multiple language settings

### Accessories shipped with unit

- Fry baskets—please select one
  - 1 full basket per well
  - 2 half baskets per well
- 1 basket support for each vat
- Filter screen and filter envelope

### Options available separately

- Fryer Shortening Shuttle®
- Filter rinse hose
- Fry well covers
